Thank you for believing in me more than I ever believed in myself. Thank you for your constant support & endless love. I miss you so much already. I wish I could hug you one more time but you have gone to a better place. I used to be your angel & now your mine. I promise you that your legacy will live on forever. Watch over everyone & guide us through this difficult time Dad. You taught us a lot of things but you never taught us how to live without you. I love you so much & I will see you again someday
