Rick, Chase, Jaydn and Dalton, I am so sorry for your loss. I have worked with Christy for the last 4 years in our respiratory department and we were all a work family. We cried, laughed, fought and made up like a family too. But, Christy loved her family at home more than anything in this world. She talked about every one of you. Christy will be deeply missed both on a personal level and a professional level. Christy, of all the talks we had about our Lord and Savior, I never dreamed you would see HIM first. May your family find peace in knowing that you are with our Heavenly Father and we will see you again one day. Until then, fly high! Love you, bye.

Christy, you always made me laugh and smile the nights we worked together. Making fun of one another for "not working and not doing our jobs". I'm going to miss you so much and our talks about kids growing up and getting advice from you. You are an amazing person, respiratory therapist, wife and mother. To the family, there are no words in times like these. But know that she loved everyone of you with her whole heart.
