Worked with Bobby at OCF Newark for several years. Always a great guy and a very sharp machine repairman. Never will forget the time down at the old Aerocor department during a clean-out on "line #14" Bobby and Larry Scurman turned me upside down saying they wanted to clean-out all my pockets. I wasn't a match for either one of them let alone 2 of the biggest guys in our department. Rest in peace and thank you for being one of the great memories in my life.

My boys still remember the time when Bob took them on a ride in his golf cart after church. So kind and welcoming, Bob made a point to ask after Terry when he couldn't be there with us. Bob will be missed.
