I did not know Bernice personally, but she was important in my life. In 1980, my son (a senior at NHS) and I attended several workshop sessions on Calligraphy, taught by Bernice. Calligraphy turned out to be one of my favorite hobbies!! In 2013, I lettered the announcement of my granddaughter's wedding which my son developed into very lovely invitations. I'm glad for that connection with her. I noticed in the obituary that we were the same age. This must be a sad time for her family, but remember the happy times to help ease the pain.. ....Betty
