I have years of great memories of Amy. She was a fellow animal-lover for sure. She loved all kinds of Animals. Fed all the Wildlife around her Home, and the Birds, too, of course. I could always talk about my Animals with her and she would totally understand, and care about my Animals well-being also. She was the Best Co-worker, I ever had. I would always breathe a sigh of relief when I seen her car parked in the parking-lot. I believe that when she passed away, that she was Riding off in the Clouds, on her Horse (An Appaloosa of course) and her "pack" of her Dogs lovingly following behind her! We were always going to get together and ride sometime, but didn't. I pray that we see each other again someday, and do go for that ride!!
