June was the first person I met when I came to work at TVHS and remained a dear colleague for my entire career. She was a loyal confidant and always managed to make things happen for me and my tardy requests. Janet and I regret that we could not make our fondness for June known to the family in person during calling hours.

Thoughts and prayers for June's family and friends. June was such a happy and giving human being. She was never to busy to help me when I would stop in her office at Tri-Valley. She always brightened my day with her smile and upbeat personality. When I look to the night sky and see a twinkling star, I will know that is June smiling down upon us.

I was so deeply saddened to hear of June's passing. June was the type of person that could always brighten your day. From my first days at Tri-Valley High School she made me feel both special and welcome, with a kind word or by making me laugh. Sitting in front of her these many years at home football games was a joy in that June could often be just as entertaining as the game. The world is a little less bright without June in it and if we are remembered by the lives that we touch, know that June will live on in the many memories of those that had the good fortune to know her. My heartfelt condolences go out to her family during this difficult time.
