Sue, Craig, Travis, Jennifer & family: Please accept my sincere condolences on your father and grandfather's passing. As Principal, I want you to be proud of his legacy as a coach at LVHS. He was -- and will always be -- a legend. His countless hours of dedicated work, his passion for our teams' success, his lasting imprint on so many student-athletes... all these things will ensure he is never forgotten. As a member of the LV community, I want to thank you for sharing Terry with us. He really, as a coach and role model, was a father and grandfather to so many. I hope that one comfort to you during this time will be that he will live on forever because of it. Those of us who played for him or coached with him will carry forward his lesson of service to others. On a personal level, I want you to know Terry served as a mentor and role model to me and I deeply appreciate that. I will never forget when he called me up to ask me if I'd ever thought about coaching girls basketball. I said: "Nope." Within three years I had two more daughters and it has seemed ever since that he must have have foreseen I would need the experience! My favorite experience, ever, as a coach was our regional semifinal game in Dayton in 2002. We took the defending state champs to three overtimes, and at halftime, Terry stepped up and gave one of those speeches that was part poem and part pep talk. When he was done, players and coaches alike were ready to tear the roof off of the place! I will miss Terry, but I know you'll miss him more.
