To the Lewis family, the last time we talked to jack was at the benefit the legion had for us. He was working hard and appoliged because he had to go rest. We assured him that there was no need to be sorry and we appreciated everything he did to help us. He had a good heart and will be dearly missed. May God wrap his loving arms around all of you to help you through this loss. You are in our thoughts and prayers. with deepest sympathies, Jack and Brandy Black jr. And family

Jack will be missed in the community. He always cared about Dresden and was willing to lend a hand in park clean up or whatever else needed done, even in his last months. He served 24 years in fire and EMS and will also be missed on the Fire Department. Walk with the Angels my friend. Until we meet again...

My name is Chad Ferrell and I started working for the Longaberger company as a runner on a third shift team number 304 which Jack was the supervisor of. Jack's big smile and Goofy personality was very fun to work for. He was always a super friendly person 2 me and all those I seen him around. I can remember after work going to the gym and Dresden and playing walleyball and staying in shape with Jack. We became such good friends that he invited me to go to his firefighter benefit auctions with him a couple times and he got me some Indians tickets there. He just did that to be nice and knew I was a huge baseball fan. That was my first pro baseball game and one heck of a time. I will never forget that baseball game or working with you Jack. As far as I'm concerned this world is short one more very good person and I hope to see you on the other side of the Pearly Gates someday. Rest in peace old buddy my sincere condolences to your friends and family.

Jack was always very kind to me growing up. He lived right down the alley and in between our house and grandpa's garage. I always felt like jack would protect me if someone tried to "grab" me in my trip back and forth on my bike. Seems kind of funny saying that now, but that's what I remember.
