Even though I have not seen the family in a long time, I remember Chicki very well. She was so full of life and always had a smile. My daughter vividly remembers her swinging her around in the pool at our family get together at Thanksgiving. Jenny was probably about 4 years old and Chicki was 14. She told me she remembers her being the coolest person. Even though Chicki was so much older she spent time with Jenny and made an impact on her young life. I know she will be greatly missed by all her family. Our thoughts and prayers are with you all.
