Bill, Ruth, Jo, Ashley and Jake, We all have so many memories of Bill, especially with all of our children growing up together. Bidy League Football stands out in my mind the most, and our annual Thanksgiving at Halloween Dinner! Those were the fun times. I am still shocked and saddened about the loss of Bill, but the one thing that gets me through times like this is knowing that we share the same beliefs and we will see each other again someday in Heaven. Bill cared very deeply for his family, his extended family, and friends of family so I know that we all have a new guardian angel looking over us and our children each day. Jo, remember sitting on the sidelines during the football games and how we would motion to Bill to simmer down? I can only imagine him watching football looking down from Heaven and God telling him to simmer down now. Sending all of you my love, thoughts and prayers during this time.

I had the privilege of getting to know Bill through football, where we coached our sons together. He was very passionate about the game but even more passionate about the lessons the game teaches. He made it a point to drive these lessons home with kids at every opportunity. He often did so at a high volume that was misunderstood by some - but to the kids and his friends - it was an obvious expression of his love for the kids and the game. I can tell you first hand that his impression on the kids was positive, profound, and life long. My family and I later sat with Bill and his family at the football games. He was a true Tri Valley fan and we enjoyed many great moments cheering on the boys and making memories that will live for years to come. He was always talking about his kids and his wife and the enjoyment that they brought to him. He was a good friend and a great family man. I know that Bill will live on in the fond memories of his freinds and family. I hope that you find comfort in faith, family, and friends in your time of need.
