God looked upon his garden And found an empty place. He then looked down upon this earth and saw your tired face. He put his arms around you And lifted you to rest. God's garden must be beautiful He always takes the best. He knew that you were suffering He knew you were in pain. He knew you would never Get well on earth again. He saw the road was getting rough And the hills were hard to climb So he closed your weary eyelids And whispered "Peace be thine." It broke our hearts to lose you But you didn't go alone For part of us went with you The day God called you home. You left us beautiful memories, Your love is still our guide. And though we cannot see you, You are always at our side. Our family chain is broken, And nothing seems the same, But as God calls us one by one The chain will link again.
