Even though I did not know you Jean, and after reading some of these messages I can see that you were loved and cared about by so many people, family and friends that are going to miss you so much. I did get to meet your Larry and children and some of your family, it was a privilege and may you rest in peace.

Mrs. Jean was simply amazing. From singing "Cashing Out" in the office to just being out right one of the funniest people I've ever met. She always greeted me with a smile, a head nod, and the "dueces" (two finger peace sign) thrown in the air, and sometimes with nothing even being said..we'd just laugh with one another. My prayers and condolences to her family and friends. Thank You Jean, we love you and we miss you.

Ms. Jean was one of the coolest people I knew. Every single time we saw each other we had a gut wrenching, breath stopping laugh. One thing we had in common was music and one of Ms. Jean's favorite songs was "Cashing Out" by Cash Out. You don't come across too many people that are well received and liked as Ms. Jean and for that reason and many others she will truly be missed. She was a beacon of light to us at Chase and I know she was to her family as well. My prayers and condolences are with her family. Until we meet again Ms. Jean. You have made an everlasting mark on so many people's lives.

I am so blessed to have known Mrs Jean. She was beautiful, witty, smart and loving. She was like a Mother to me, everyday she would get on me about something or love on me just because she loved me. We had so many talks about life and love and her family and her Larry lol. I miss her so much, she was truly an angel lent to me a few hours everyday and I thank God for giving me the chance to know her. She is truly missed and forever loved. My prayers and deepest condolences to her family. She loved and cherished you all dearly. May the peace of God be with you and your hearts be restored and filled with the love of her spirit.

I am going to miss my friend. We have had so many days where we leaned on each other when things were not going well and we laughed when things were going well. Jean is the one person at Chase that I could disagree with in the morning and be best friends with by afternoon. She could look over at me and wait until later and say I know exactly what you were thinking. What a mississippi connection from day one. As much as we miss her, we can all smile when we remember her humor
