What a great loss it is for the community, but what an incredible contribution Betty made to the lives of thousands of people she touched. I will always have fond memories of Betty from our days at NHS. From all the basketball games our group used to travel to see to the several European trips Betty and Dave made with the Cup and Chaucer travel club, Betty always made everyone laugh and enjoy life as she did. To the family goes my deep condolences for the loss of such a great lady. To everyone she touched throughout her life, cherish those moments because Betty made us all feel special. God bless the family, but be assured, she is still making a difference where she is now.
