I'm so sorry to hear of Preston's passing. I knew him back in the late 1980's when I held my first post-college job in the office of The Salvation Army. He always greeted me with an exuberant, "Kimberley, baby!" and a big hug and smile. He was a bright spot in my days there. I've mentioned him to many people through the years! I'm out of state right now, but send love and prayers.

I have had the pleasure to known Grandad he was a wonderful man and so kind. I remember bringing Treston to his house he would smile and laugh and talk about the family how much he loved them and praised them on all the good things they did. So many stories he would tell and how he dearly loved his wife and family. The world has lost a great man and I will never forget you. Everytime I walk in Mc Donald's, in the doors of Washington square or past the house on Washington street I will always hear and imagine him saying "Hey how is that boy of ours doing?" we will miss and we love you dearly Grandad!
