I too had a very heavy heart when my wife read me Dave's obituary this morning. Dave and I were very close friends during our Junior and Senior school years. I will always remember when Dave and I drove to Florida. I slept for a while and Dave drove and got lost, we were driving in circles. This last July we saw each other at The Grill, shared memories and laughed a lot. Dave was a wonderful and truthful friend! I send my deepest condolences to Dave's family. He will be sadly missed.

It was with a heavy heart when I read Dave's obituary this morning. Dave was a close friend during our teenage years. Although we grew apart later, we were glad to see each other a few times during the past few years and share memories. I last saw Dave a little more than a year ago during visiting hours for another of our childhood friends. I send my deepest condolences to Dave's family.
