Mr Beers' warm smile and firm handshake greeted me every time I came to visit him. I admired his love for his hometown. He didn't look for famous people in Washington or New York city to admire. His heros had lived in or near to Dresden. He liked to tell stories about the great indian chief, John Logan or his friend the great American basket manufacturer, Dave Longaberger. He taught me that there are heros all around you. You don't have to look far.
