Don and Danny, I am very blessed to have known Rick. What an inspiration he is to those who knew him. Never heard him complain about his disability. Rick enjoyed his life with Kim and he was well taken care of. He out-lived his life expectancy because of his positive attitude and the wonderful nursing care he received. Rick is no longer confined to his bed or wheelchair. Let's mourn his passing but rejoice his new heavenly body.

Just think; What if Mary Schuer did not move in and rehabilitate Rick in the 1990's, thus enabling him to have the wonderful full life he had rather than a life in a "nursing home?" A brave woman and a very Lucky man~

The passing of Rick deeply saddens us – we have lost a beautiful person from our family but his memories will always be in our hearts. He brought laughter, joy, and love to Kim and those around him. He lived his life to the fullest and was an inspiration to others. Kim showed such love and courage and was there for everything he needed – he did not go without! – and was by his side from the simplest things such as walking around Dresden or sitting by the fire pit outside at night star gazing, to the hardest battle of his life in the end. I wish we could find words to ease your pain. Know that we are thinking of you during this time of loss and pray for you to have strength as you go through this tough time. In sympathy and with our love, Jim & Dana
