What to say after so many years. I know I never forgot you. I will never forget how many pizza's I made for you. and you would say more onions lots more onions!!! How we would be driving and the song THE ROSE would come on and every time you would crank it up so loud I thought the speakers would blow. How we would stay up half the night laying on the couch watching one of your favorite movies Walking Tall. We would talk about everything, I could always tell you everything. AND OH BOY THE THINGS YOU WOULD TELL ME!!! I know how much you loved your son how much you missed him when you was no longer with his mother. You loved your mother and sisters with all your heart. After all these years I still remember your mothers phone number you would always tell me just dial 1212. Like JO Ann I to remember your drums. One year at Christmas you set them up in my kitchen and rocked out long enough that I thought I would never want to hear them again!!! Fun times we had many. Also the famous trip to the Zanesville Mall with Linda to get the little girl back with Barb. I too this day have never forgot the look on your face when you walked into the mall to pick me up you knew Linda had the little girl and they were on their way to the Columbus Airport. The plan had worked and you was the cat that swallowed the canary. TONS of memories. And a saying from Forest Gump when you and I would dance we were like peas and carrots. May God Bless your family at this time and thru their tears they can find refuge knowing that you loved them deeply.

I miss him already. He had a good heart and could drum the socks off a song. Playing in the same band with him for all these years has lots of special memories for me. I especially loved his personality and infectious laugh. He was a good and loyal friend and the world is dimmer for the loss of him. My prayers to all, his mom, Timmy, sisters and Norma and all the grandchildren and nieces/nephews. Jo Ann Durbin
