I was a client of Andrew's at Great Clips. From the first time, it was obvious he excelled at his craft, and I asked for him each time after that. It was also obvious he took pride in giving his clients the best. There were many locations more convenient to me, but I drove past them all for Andrew's store. The last time he cut my hair, I told him that.

Andrew, You were and always will be such a joy to your family and friends. We little knew that evening that God would call your name. In life we loved you dearly, in death we do the same. It broke our hearts to lose you, you did not go alone; for part of us went with you, the day God called you home. You left us peaceful memories, your love is still our guide; and though we cannot see you, your always at our side. Our family chain is broken and nothing seems the same; but as God calls us one by one, the chain will link again. My prayers are with your family. They are in good hands.

Andrew lived life with his whole heart, with courage, with love and joy; giving back to us the very life God gave him. He gave to those of us he loved and those he didn't know how to love, even to those he didn't even know. He gave. He gave! What better way to honor Andrew than to give away what he gave to us. Andrew had a heart of gold and a smile that could brighten the darkest day. He has touched each one of us in a special way and will be missed more than he will ever know. Hold tight to memories for comfort, lean on your friends for strength, and always remember how much everyone loved him because he was such a special person. My thoughts and prayers are with you and your family, and the many friends he left behind.
