My momma was the most amazing person I have ever known. She gave so much of herself to our family, always putting others before her and showing us what true love and kindness looked like. I love my mom with all my heart, and the thought of not having her here is a pain I can't even describe. She wasn't just my mother, she was my rock, my confidant, my biggest supporter. Her laughter could light up a room, her advice always came from the heart, and her love was endless. I will miss her more than words could ever express. But even though she's gone, I will always carry her with me. Every memory, every lesson, every moment we shared will stay in my heart forever. I will always remember her strength, her warmth, and her beautiful spirit. I love you so much, Momma. Thank you for everything. You will always be a part of me, and I will never stop missing you. Love you forever, Roger

We grew up together. I watched your joys and your sadness. I love and will miss you forever. I am happy you are where you wanted to be, but sad for the ones you left behind. Fly high with the angels and watch over us as we grow into our time to be with you. Love you very much!
