I had the pleasure of working with Dave in 1984/1985 as I was completing a co-op at the Tech Center. He was always a ray of sunshine on a gloomy day! I loved his sense of humor and he always had a smile on his face. His patience in explaining things and procedures was top notch. I remember years later running into him in Goumas Candyland. Still had the same smile. He was a bright light. He will be missed. I am so sorry for your loss.

We were childhood friends when both of our families lived in Central City on Chalfant Road. We would ride bikes together and could often be found in Metz's store or Al's gas Station/Market. A good friend from many years ago. My the good Lord continue to bless your family with His arm of comfort.

David and I became acquainted when he was on the staff of our class yearbook ('61). Even at a young age he was a talented photographer and did professional work. Years later, I asked him to take my wedding photos. He was patient and caring and did a beautiful job. To this day, whenever I look at my album I think of him. I am saddened by his passing and send my thoughts and prayers to his wife and family.
